Budget Message

City Manager's Budget Message

City of Glendora June 9, 2026

MID-CYCLE BUDGET FOR FISCAL YEAR 2026-27, UPDATED 5-YEAR CAPITAL IMPROVEMENTS PLAN, AND 2025-2031 FINANCIAL FORECASTS FOR THE GENERAL FUND, MEASURES E/Z, AND WATER FUNDS

Honorable Mayor and City Council,

In accordance with Glendora Municipal Code Section 2.08.070(8), it is our pleasure to present the FY 2026-27 Mid-Cycle Budget update, which reviews and adjusts the second year of the FY 2025-2027 Two-Year Budget. This mid-cycle review reflects updated financial conditions, revised revenue and expenditure projections, and the policy directions provided by the City Council throughout the first year of the two-year budget cycle.

WELCOME TO THE MID-CYCLE BUDGET MESSAGE

The FY 2026-27 Mid-Cycle Budget reflects the City Council's commitment to maintaining the quality-of-life residents have come to expect while strategically investing in the City's future. As the second year of the FY 2025-2027 Two-Year Budget, this update serves as an important checkpoint to ensure the City's financial plan remains aligned with current economic conditions, evolving community priorities, and the City Council's policy direction established through the [2025-2027 Strategic Plan](#).

The FY 2025-2027 Two-Year Budget was adopted totaling \$126 million in FY 2025-26 and \$142 million in FY 2026-27 in citywide uses. The FY 2026-27 Mid-Cycle Budget consists of approximately \$146 million in planned expenditures funded through \$144 million in projected revenues and \$2 million in planned use of accumulated Water Capital Fund reserves. The \$2 million in planned use of previously accumulated Water Capital Fund reserves is primarily related to the acceleration of the Live Oak Water and Street Improvement Project, which was originally programmed in future years of the City's Five-Year Capital Improvement Program.

The City of Glendora continues to operate from a position of fiscal strength, supported by long-range planning, disciplined financial management, and a commitment to responsible stewardship of public resources. This mid-cycle review provides an opportunity to incorporate updated revenue and expenditure projections, refine capital improvement priorities, and respond to emerging opportunities and challenges, while maintaining a balanced and realistic financial plan.

Over the past year, the City has made meaningful progress on strategic initiatives that enhance public safety, maintain critical infrastructure, support economic vitality, and improve efficient service delivery. Significant investments in streets/roads, water infrastructure, parks, facilities, and technology are helping to preserve community assets while positioning Glendora for long-term success. At the same time, the City continues to address challenges facing local governments throughout California, including continual attacks from the State of California on local control, infrastructure replacement needs, workforce recruitment and retention, increasing insurance costs, homelessness, and uncertainty surrounding state and federal funding programs.

This budget update reflects the City's continued commitment to aligning resources with community priorities, maintaining fiscal discipline, and investing in the infrastructure and services that support Glendora's long-term success; what gets funded, gets done.

STRATEGIC PRIORITIES

As the City reaches the midpoint of the FY 2025-2027 Two-Year Budget cycle, significant progress has been made on the priorities established by the City Council in the 2025-2027 Strategic Plan. The City's 2025-2027 Strategic Plan includes five goals: SubURBAN Living, Glendora as a Destination, New+Revitalized Facilities, Sustainable Infrastructure, and Staff+Technology. Of the 105 actions included in the plan, the City has completed 47 (45%), with 54 in-process (51%), and four (4%) yet to be started.

These efforts reflect the City's ongoing commitment to implementing the strategic plan while maintaining fiscal discipline and delivering high-quality services to the community. Highlights over the past year from the 2025-2027 Strategic Plan include:

Workforce Stability and Employee Retention

Cities provide services to their communities, and those services are primarily provided by City employees. The City Council, acknowledging the critical role played by employees, has made significant investments in the workforce. A major milestone during the first year of this two-year budget cycle has been the successful completion of labor negotiations with all employee bargaining units, providing workforce stability and cost certainty through the FY 2026-27 budget year and beyond:

- Glendora Police Officers Association (GPOA): Approved June 10, 2025. Three-year MOU covering the period July 1, 2025 through June 30, 2028.
- Glendora Police Management Association (GPMA): Approved July 8, 2025. Three-year MOU covering the period July 1, 2025 through June 30, 2028.
- American Federation of State, County, and Municipal Employees, Local 3915 (AFSCME): Approved October 14, 2025. Three-year MOU covering the period September 1, 2025 through June 30, 2028.
- Glendora Management Association (GMA): Approved December 9, 2025. Three-year MOU covering the period January 1, 2026 through December 31, 2028.
- Executive Staff Compensation and Benefits Schedule: Approved December 9, 2025. Three-year schedule covering the period January 1, 2026 through December 31, 2028.
- City Manager Agreement Amendment No. 1: Approved December 9, 2025.

Workforce stabilization remains a critical issue for local governments. To ensure the City attracts qualified employees to benefit the community, the City has streamlined hiring processes, improved marketing of job openings, created career paths to develop internal talent by establishing succession plans, continued progress on implementing modern work policies, and partnering in areas where the private sector provides for a better customer experience.

These efforts have paid significant dividends, with approximately 15 staff members returning to the City over the past five years after leaving the organization previously for a job at another agency. These “boomerang employees” are located in many areas of the City, including Distribution (Water), Production (Water), Human Resources, Finance, Patrol (PD), Community Impact Team (PD), Dispatch (PD), Streets, and the City Manager’s Office. They cite organizational culture change, professional management, and fair compensation as reasons for coming back to Glendora.

Capital Project Planning and Infrastructure Investment

The City has continued to advance planning and funding strategies for several major community investments, including the Civic Center, Library, and Public Works Yard. The City continues its long-term investment in transportation infrastructure to preserve community assets and improve mobility throughout Glendora. Through facility assessments, financial analysis, public workshops, and community engagement efforts, the City Council has begun evaluating options to address aging infrastructure and position these critical public facilities to meet future community needs.

It has been well documented that the City continues to face significant infrastructure challenges in key areas such as facilities, streets, and its water system. This budget continues an aggressive capital improvement plan by dedicating resources to maintain streets, water systems, stormwater systems, and parks. Total capital investment citywide is \$34 million in FY 2026-27, with major projects including the Finkbiner Park Stormwater Capture Project, Cypress and Live Oak Water and Street Improvements, Lone Hill Avenue Rehabilitation, North Glendora Reservoir Replacement, Traffic Signal Upgrades, and the Glendora Avenue Water and Street Improvement Project.

Together, these projects represent one of the most significant infrastructure investment programs in recent City history, including the rehabilitation of approximately 1 million square feet of pavement, critical water system improvements, and investments designed to improve mobility, safety, and long-term infrastructure reliability.

Over the past six-months, the City Council has engaged in a deliberate, multi-meeting discussion on facilities, street/roads and other City infrastructure. These conversations have distilled several years’ worth of public meetings and diligent work, highlighting community challenges that have existed for decades. The next step in this process will be a series of three community workshops:

- Workshop 1: Foundation & One-Time Funding (June 16): This kickoff session reviews how five years of strategic planning, public engagement, and facility assessments have shaped the conversation around one-time spending priorities. The City Council will provide staff direction on how to spend approximately \$8-\$12 million on street/road and facility projects.
- Workshop 2: Library & Public Works Yard (July 21): Building on the first workshop, this meeting digs into the specifics of the Library and Public Works Yard building, covering past and current structural assessments, estimated costs for repair/replacement, and possible phasing approaches.

- Workshop 3: Funding Options & Next Steps (September 15): The final workshop explores how to pay for the infrastructure and facility work needed in Glendora including grants, land sales, and debt issuance. This workshop will also explore the possibility of establishing a citizen's advisory committee, and the role they may play.

Housing and Homelessness Solutions

Homelessness remains one of the most complex challenges facing Glendora and the State of California. Consistent with the City Council's Strategic Plan, the City has continued to pursue a balanced approach that combines public safety, outreach, housing assistance, and regional partnerships to address homelessness while maintaining safe and accessible public spaces.

From October 2025 through April 2026, several key milestones have occurred;

- The City Council approved an Exclusive Negotiating Agreement with Mercy Housing for the development of affordable housing opportunities at 1762 Dale Road.
- Through partnerships with LA CADA, Los Angeles County, mental health providers, and local non-profit organizations, outreach teams conducted approximately 1,000 encounters (many encounters are for the same individuals). These efforts resulted in 10 interim housing placements, 3 permanent housing placements, 109 health-related service referrals, and 38 benefits-related service referrals.
- Human Services staff provided homelessness prevention services to 18 households facing housing instability, helping residents access resources, referrals, and financial assistance designed to prevent the loss of housing.
- City departments coordinated many environmental cleanup efforts in areas including Lone Hill Avenue, South Hills, and Baseline Road,

During September 23-25, 2026, the City conducted a detailed homeless survey in partnership with City Net, identifying 64 individuals experiencing homelessness, a decline from 106 individuals in 2023 and 113 individuals in 2021.

Measure E/Z and Organizational Reforms

Over the past seven years, Glendora restored its financial stability by addressing a \$3–\$4 million structural deficit through voter-approved sales tax measures, pension restructuring, organizational efficiencies, and stronger financial policies.

More specifically, since 2018, the City has implemented broad organizational and operational reforms to modernize service delivery, improve efficiency, and address long-standing deferred maintenance. Key changes included restructuring departments, centralizing functions, outsourcing landscape maintenance, and creating a dedicated Building Services Division.

These reforms have earned the City a AAA bond rating, and more importantly have allocated additional resources to key priorities, such as public safety, street/roads, parks and homelessness. The success of the organizational modernization efforts, and fiscal prudence have paid incredible dividends for the community. In particular:

- Community Impact Team (CIT): Measure E/Z revenues supported the creation of the Police Department's CIT. The team has focused on homelessness, mental health, proactive outreach to the community on crime trends/challenges, and investigations. These efforts are part of the reason the City experienced a 16.5% decrease in Part A (serious) crimes from 2023-2025; a trend which has continued in 2026.
- One-Time Funding: Fiscal discipline and organization efficiency efforts over the past six years have created the capacity for the City Council to consider strategic one-time investments in streets/road and facilities in the amount of \$8-\$12 million.
- Preventative Maintenance: Savings and efficiencies have been reinvested into critical infrastructure, significantly increasing funding for facilities, streets, and maintenance programs. Facilities spending has grown from about \$350,000 in 2018 to \$1.4 million annually today. Non-major project street maintenance and pavement preservation programs expanded from approximately \$15,000 in 2018 to \$1,000,000 in the proposed budget, to improve long-term roadway conditions. Overall, the City has increased net annual maintenance-related investment by approximately \$2 million annually, reflecting a deliberate policy to reinvest in core assets

Transparency efforts on the use of Measure E/Z funding have been hallmarks of the City's budget efforts since the passage of Measure E in 2019. These efforts have been furthered in the FY 2026-27 Mid-Cycle budget, through inclusion of line-item budget detail for each Measure E/Z expenditure. Anyone reviewing the budget will be able to clearly identify the programs Measure E/Z currently funds.

Community Engagement

Throughout this two-year budget cycle, the City Council has provided leadership on a broad range of policy issues affecting the community. Public workshops, community meetings, strategic planning discussions, community surveys, media campaigns (e.g. City Stuff Explained), and ongoing engagement efforts have helped inform decision-making on critical topics including infrastructure investment, facility needs, housing, public safety, economic development, and long-term financial planning. This collaborative approach continues to ensure that community feedback remain central to the City's decision-making process.

While much work remains, the progress achieved during the first year of the budget cycle demonstrates the City's commitment to thoughtful planning, responsible stewardship of public resources, and the continued pursuit of the priorities established by the City Council and community.

BUDGET NUMBERS OF NOTE

As indicated above, there are many factors influencing the preparation of the budget plan. The FY 2026-27 Mid-Cycle Budget reflects the following key figures:

Total Citywide Revenues: \$144 million in FY 2026-27, with Taxes and Charges for Services making up 65% of budgeted revenues.

Operating Expenditures: \$112 million in FY 2026-27, with Personnel and Operations & Maintenance making up 78% of budgeted operating expenditures.

Capital Improvement Budget: \$34 million in FY 2026-27, with Stormwater, Water, and Streets making up 95% of budgeted capital expenditures, including the approximately \$21.5 million for the Finkbiner Park Stormwater Capture Project.

While expenditures exceed current-year revenues by approximately \$2 million, the difference is attributable to the planned use of existing Water Capital Fund reserves. These reserves were accumulated through the water rate structure approved by the City Council in November 2023 and were specifically intended to fund future water infrastructure improvements. As these funds were collected and recognized as revenue in prior years, their use is reflected as a reduction of reserves rather than additional current-year revenue. The planned use of reserves allows the City to advance the Live Oak Water and Street Improvement Project into FY 2026-27 while maintaining the long-term financial sustainability of the Water Operations and Capital Funds.

Unlike taxes, fees, and other current-year funding sources, the use of reserves is revenue recognized in prior years that have been set aside for future needs and are available to be used when major infrastructure investments are ready to move forward. In addition, the acceleration of the Live Oak project reflects a change in project timing rather than a new funding requirement. The project was already included in the City's long-term capital plan, and the updated multi-year financial forecast reflects this adjustment.

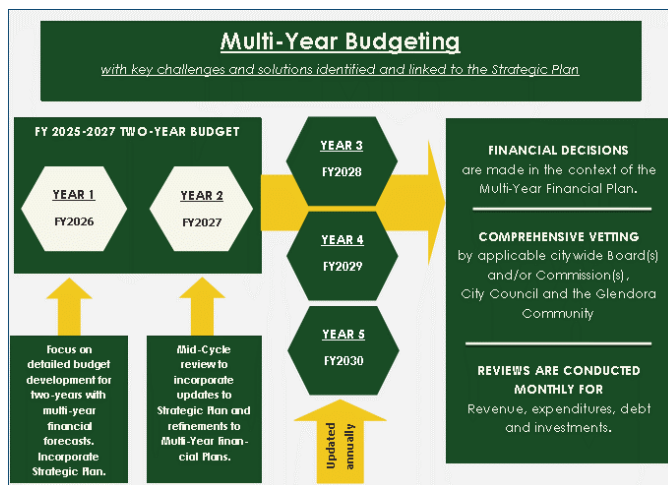

Additionally, the Mid-Cycle Budget increase in expenditures from \$142 million to \$146 million primarily attributed to the following actions:

- The single most significant change was a structural reporting update, for enhanced transparency, in the reporting of Measure E and Measure Z-funded programs and services by reporting expenditures directly within the Measures E/Z Fund rather than through General Fund transfers.
- Additional grant related appropriations for traffic signal improvements funded through the federally funded Highway Safety Improvement Program grant revenues.
- The acceleration of the Live Oak Water and Street Improvement Project from future years of the Capital Improvement Program to FY 2026-27, allowing construction to be completed before the start of the school year at Cullen Elementary School and minimize disruption to students, families, and traffic circulation.

Full-Time Equivalents: Total requested staffing for FY 2026-27 is 267.40 FTEs, an increase of 1.40 positions from FY 2025-26. The adopted two-year budget included one additional Police Officer assigned to the Community Impact Team. The remaining 0.40 FTE increase reflects the addition of a part-time Maintenance Aide II position at the La Fetra Senior Center. The position will support facility maintenance, event setup and teardown, preventative maintenance reporting, and equipment management. Costs will be offset through reductions in contracted janitorial services and increased facility rental cleaning fees, resulting in no net budget impact.

MULTI-YEAR BUDGETING

Multi-year financial planning, ongoing financial monitoring, frequent financial reporting, prompt corrective actions when necessary, and longer-term financial health strategies are essential elements of sound financial management, and hallmarks of the City's financial philosophy. Included in the FY 2026-27 Mid-Cycle Budget are the FY 2025-2031 Multi-Year Projections for the General Fund, Measures E/Z, and the Water Funds.

CONCLUSION

The City of Glendora FY 2026-27 Mid-Cycle Budget continues to embrace City Council policies established with the FY 2025-2027 Adopted Two-Year Budget and included in the 2025-2027 Strategic Plan. The City is investing in the essentials, such as infrastructure, public safety, quality of life, and fiscal health, while staying agile in an evolving federal and economic landscape. The proposed budget allocates the necessary resources to accomplish the goals set forth in the City's current Strategic Plan.

This budget addresses community concerns through enhanced transparency around Measure E/Z funding and programs, evaluates available discretionary one-time funding to address the community's most pressing needs, and continues outreach and program evaluation to address homelessness to the best of the City's ability with limited resources from the County of Los Angeles and State of California.

Development of the Mid-Cycle Budget and the success of the City's financial and operational achievements are possible due to the tireless work of many individuals across every department.

Thank you to the Finance Department who worked on the preparation of the FY 2026-27 Mid-Cycle Budget with all City departments, with special acknowledgment to Deputy City Manager, Marie Ricci, Finance Director, Kyle Johnson, Assistant Director-Finance, Natasha Woolford, and Office Coordinator, Desiree Valdivia for their efforts.

Respectfully Submitted,

A handwritten signature in blue ink, appearing to read "Adam Raymond".

Resolutions

Resolution: GANN Limit

RESOLUTION CC 2026 - _____

A RESOLUTION OF THE CITY OF GLENDORA, CALIFORNIA, DETERMINING AND ESTABLISHING AN APPROPRIATIONS LIMIT FOR FISCAL YEAR 2026-27 IN ACCORDANCE WITH ARTICLE XIII B OF THE CALIFORNIA CONSTITUTION AND GOVERNMENT CODE SECTION 7910

**THE CITY COUNCIL
City of Glendora, California**

THE CITY COUNCIL OF THE CITY OF GLENDORA DOES HEREBY RESOLVE AS FOLLOWS:

WHEREAS, Article XIII B was added to the California Constitution at the special State-wide election held November 6, 1979 (commonly known as Proposition 4 or the Gann Limit); and

WHEREAS, Government Code Section 7910 was added to Chapter 12.05 by Statute at the Regular Session of the California Legislature; and

WHEREAS, Proposition 111, which, among other things, provides new annual adjustment formulas for the Appropriations Limit, was approved by the voters in June, 1990; and

WHEREAS, The League of California Cities and the State of California Department of Finance have published population and per capita income growth indexes, as well as guidelines for the uniform application of Proposition 111; and

WHEREAS, Government Code Section 7910 requires the governing body of each local jurisdiction to adopt, by resolution, its appropriation limit; and

WHEREAS, said appropriations limit must be adhered to in preparing and adopting this City's annual budget.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF GLENDORA, CALIFORNIA, DOES HEREBY RESOLVES AS FOLLOWS:

SECTION 1: In compliance with Article XIII B of the Constitution of the State of California, and Section 7910 of the Government Code, the City hereby establishes the City's Appropriation Limit for the 2026-27 Fiscal Year to be \$192,724,625 as shown in Exhibit A.

SECTION 2: Said Appropriation Limit shall be adhered to in the City of Glendora's budget for the 2026-27 fiscal year.

SECTION 3: This resolution shall become effective immediately upon its adoption.

PASSED, APPROVED AND ADOPTED by the City Council of Glendora, Glendora Successor Agency, Glendora Housing Authority, and Glendora Public Financing Authority this 9th day of June, 2026.

BY: _____
DAVID FREDENDALL
Mayor

APPROVED AS TO FORM:

DANNY ALESHIRE
City Attorney

CERTIFICATION

I, Kathleen R. Sessman, City Clerk of the City of Glendora, do hereby certify that the foregoing Resolution was duly adopted by the City Council, Successor Agency, Housing Authority and Public Financing Authority to the former Glendora Community Redevelopment Agency of the City of Glendora at a regular meeting held on the 9th day of June, 2026, by the following vote:

AYES: MEMBERS:
NOES: MEMBERS:
ABSENT: MEMBERS:
ABSTAIN: MEMBERS:

Dated:

KATHLEEN R. SESSMAN, City Clerk

In November 1979, voters passed Proposition 4, also known as the Gann Initiative. Proposition 4 Article XIII (B) of the California Constitution provides that the City’s annual appropriations be subject to certain State limitations. This appropriation limit is referred to as the Gann Spending Limitation or Gann Appropriations Limit. The calculation limits the increase in annual appropriations to a factor which is based on a combination of population growth, State per capita income change, and the change in assessment value for non-residential property. Appropriations for proprietary related activities such as water, wastewater, airport, etc., and Redevelopment functions are not subject to the limit. When the limit is exceeded, Proposition 4 requires the surplus to be returned to the taxpayers within two years. Appropriations in the two-year period can be averaged before becoming subject to the excess revenue provisions of the Gann limit. The City has never exceeded the limit.

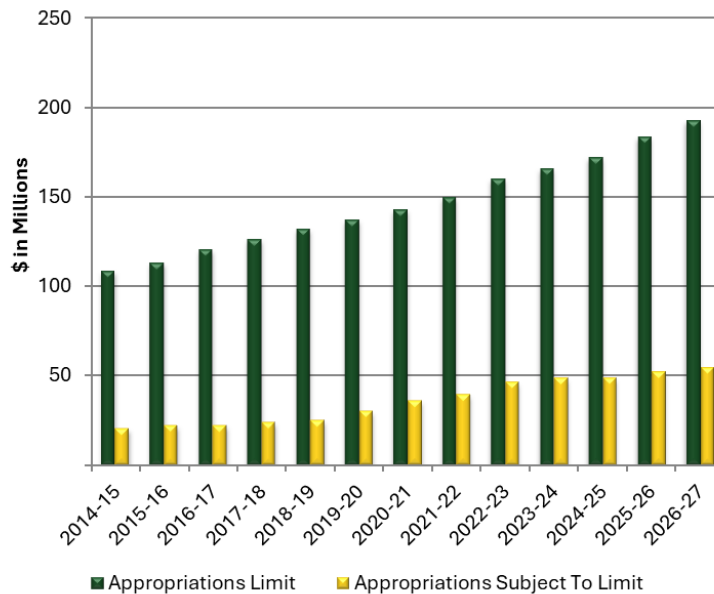

The City of Glendora calculated the Gann Limit of \$192,724,624 for Fiscal Year 2026-27 using the prior year’s limitation of \$183,873,743 multiplied by the 4.95% (1.0495) increase in per capita income multiplied by the -0.13% (0.9987) decrease in population in the City of Glendora. The City’s appropriations subject to the limit is \$53,910,391. Total General Fund appropriations are only 27.97 % of the limit.

Appropriations Limit Calculation: Fiscal Year 2025-26

I Appropriations Limit		
Prior Year, 2025-26 Adopted Limit		\$183,873,743
Change Factors:		
Change in City of Glendora Population (Note 1)	0.9987	
Change in Per Capita Income (Note 2)	x1.0495	1.0481
Current Year, 2026-27 Appropriations Limit		\$192,724,624
II Appropriations Subject to Limit		
Projected 2026-27 Revenues, General Fund & Measures E/Z		\$53,910,391
III Amount Over/(Under) Limit (I-II)		(\$138,814,234)
IV Total City Appropriations as a % of Limit		27.97%

Note 1: Change in the City of Glendora's growth of -0.13%, exceeded the County of Los Angeles population growth, -0.64%. Total City population as of January 1, 2026 is 51,232.

Note 2: Change in California per capita income, 4.95% provided by the State of California.

Resolution: Adopting Budget

JOINT RESOLUTION

CC 2026-__ CC 2026-__ (SA) FN 2026-__ HA 2026-__

A JOINT RESOLUTION OF THE CITY COUNCIL, SUCCESSOR AGENCY, HOUSING AUTHORITY AND PUBLIC FINANCING AUTHORITY OF THE CITY OF GLENDORA, CALIFORNIA, ADOPTING THE BUDGET FOR THE CITY OF GLENDORA FOR THE FISCAL YEAR BEGINNING JULY 1, 2026, AND ENDING JUNE 30, 2027.

**CITY COUNCIL, SUCCESSOR AGENCY,
PUBLIC FINANCING AUTHORITY AND HOUSING AUTHORITY
City of Glendora, California**

WHEREAS, in accordance with Glendora Municipal Code Section 2.08.070, it is the City Manager's/Executive Director's duty to prepare and submit a proposed annual budget and salary plan to the Glendora City Council; and

WHEREAS, the City Manager/Executive Director has submitted a proposed budget to the Glendora City Council, Glendora Successor Agency, Glendora Housing Authority, and Glendora Public Finance Authority for Fiscal Year 2026-2027, commencing July 1st; and

WHEREAS, after due consideration and review, the Glendora City Council, Glendora Successor Agency, Glendora Housing Authority, and Glendora Public Financing Authority find it is in the interest of the health, welfare and safety of the City, its citizens and businesspersons, to adopt the financial plan within the budget for the receipt and expenditure of public monies; and

WHEREAS, the City of Glendora, as Successor Agency to the Glendora Community Redevelopment Agency, is desirous of adopting a revenue and expenditure budget applicable to the Successor Agency, on the express condition that said budget be published the same as a separate component of the City of Glendora's budget, and further conditioned on the City of Glendora, its General Fund and all its various other accounting funds are NOT obligated to finance or fulfill any Successor Agency obligations; and

WHEREAS, the Fiscal and Budgetary Policies remain as approved June 10, 2025.

NOW, THEREFORE, THE CITY COUNCIL AND THE SUCCESSOR AGENCY TO THE FORMER GLENDORA COMMUNITY REDEVELOPMENT AGENCY OF THE CITY OF GLENDORA HEREBY RESOLVES AS FOLLOWS:

SECTION 1. The City Council, Successor Agency, Housing Authority and Public Financing Authority does hereby adopt its budget incorporated herein by reference for the City of Glendora for the fiscal year beginning July 1, 2026 and ending June 30, 2027.

SECTION 2. The City Council, as Successor Agency to the Glendora Community Redevelopment Agency, does hereby adopt the budget as incorporated hereinto by this reference for the City of Glendora, as Successor Agency to the Glendora Community Redevelopment

Agency, for the fiscal year beginning July 1, 2026 and ending June 30, 2027. The City Council, as Successor Agency to the Glendora Community Redevelopment Agency, is the same as a separate component of the city of Glendora's Budget. The City Council hereby determines and declares that the City of Glendora, its General Fund and all of its other accounting funds shall NOT be obligated to finance or fulfill any Successor Agency obligations in any manner.

SECTION 3. The City Council, Successor Agency, Housing Authority and Public Financing Authority recognizes the value of establishing citywide financial policies and has done so previously.

SECTION 4. The Authorized Positions as amended and incorporated in the budget document are hereby approved and adopted.

SECTION 5. Per the adopted Financial Policies, the City Manager/Executive Director is authorized to transfer appropriations between departments or functions, provided that no change is made in the total amount of the annual budget of any single fund.

SECTION 6. The Mayor/Chair shall sign and the City Clerk/Agency Secretary shall certify to the passage and adoption of this resolution shall enter the same in the Book of Original Resolutions and that this resolution shall take effect and be in force on this date.

SECTION 7. The City Clerk/Agency Secretary is hereby directed to forward a copy of this resolution to the Finance Director.

APPROVED and PASSED this 9th day of June, 2026.

Budget Summary Overview – All Funds

Overview of Resources (Revenue)

OVERVIEW OF RESOURCES (REVENUE)

The budget for Fiscal Year 2026-27 (FY 2027) reflects a conservative and consistent approach to forecast revenues. Trend analysis, economic indicators, and professional judgment are used to arrive at the revenue estimates.

This section provides an overview of the the revenues for all City Funds.

SUMMARY OF REVENUES BY FUND TYPE

The Summary of Revenues provides an overview perspective of all revenues grouped by fund type. The fund types are described in the Budget Guide section of this budget document.

Estimated revenues, for all fund types for FY 2027 Budget are \$144 million. General Fund revenues are approximately \$45.9 million comprising 31.8 percent of total City-wide revenues for the FY 2027 Budget. The table and chart below illustrates the percent of total revenues by fund type. The General Fund is typically the largest fund receiving revenues from property taxes, sales taxes and many other sources the City depends on to provide services to the residents.

Summary of Revenues by Fund Type

Fund Type	FY 2025 Actuals	FY 2026 Amended Budget	FY 2027 Budget
General Fund	59,739,845	56,429,840	58,910,404
Special Revenue	13,672,005	16,926,657	34,810,418
Capital Projects	1,262,119	518,173	252,778
Debt Service Funds	3,486,129	3,492,905	3,496,405
Enterprise Funds	30,848,599	33,416,575	34,906,175
Internal Service	11,371,010	11,401,121	12,047,324
Successor Agency	3,228,579	2,917,640	51,600
Total	123,608,287	125,102,911	144,475,104

Revenues by Fund Type

SUMMARY OF REVENUES BY CATEGORY

Taxes are the major funding source for services provided by the City. The tax category includes property, sales, and business taxes. Water Sales & Service revenues are restricted for water related services only. Charges for Service are made up of services provided by the Departments such as Police, Planning, Public Works, Library and Community Services. Licenses & Permits varies based upon the amount of development occurring in the City for the year. Money & Property consists of interest earnings and rental income generated from rental of City facilities for special events by a third party. Fines & Forfeitures represent revenues collected from municipal code violations, vehicle code fines and parking citations.

The revenues show generally minor growth from FY 2026 to FY 2027 with the exception of the intergovernmental section which fluctuates from year to year based on grant awards. Citywide Tax revenue shows a decrease related to the dissolution of the former redevelopment agency because the Successor Agency made it final debt service payment for the 2006 Series B bonds during FY 2026 resulting in a decrease of Recognized Obligation Payments from the State of California. FY 2027 includes a large stormwater capital project grant of \$18 million reported as intergovernmental revenue.

Additional detailed reports are available in the General Fund Revenues By Line Item and Other Fund Revenues by Line Item sections.

Summary of Revenues by Category

Fund Type	FY 2025 Actuals	FY 2026 Amended Budget	FY 2027 Budget
Taxes	45,972,039	48,676,758	47,664,989
Licenses & Permits	1,639,306	1,417,380	1,502,380
Fines & Forfeitures	424,157	355,000	355,000
Money & Property	7,962,194	2,946,970	3,019,970
Intergovernmental	9,974,939	14,859,754	32,743,515

Overview of Appropriations (Expenditures)

OVERVIEW OF APPROPRIATIONS (EXPENDITURES)

The appropriations budget for Fiscal Year 2026-27 reflects a conservative and consistent approach to forecasting expenditures in the budget. More information is available in the Budget Guide section of the FY2025-2027 Adopted Two-Year Budget regarding the Basis of Budgeting and Procedures when preparing the budget. Expenditure budgets include a review of the programs, activities and functions of each department, then a review of the cost of the staffing and other resources needed to accomplish those activities. The level of funding is dependent on the available resources.

On June 3, 2025 the City Council held a public Budget Workshop. At the Budget Workshop the City Council had the opportunity to identify funding priorities for Measures E/Z Fund 103 (transaction and use taxes) resulting from the recent voter approval of the Measure Z on November 5, 2024. The City Council approved funding for programs and items to address Public Safety, Library program intergovernmental funding changes, affordable housing, citywide communication efforts and City events provided through Recreation and Human Services. The table below provides the listing and description of items approved at the June 3, 2025 Budget Workshop and added to the proposed budget presented to City Council on June 10, 2025. There were no additional changes at the June 10, 2025 City Council public hearing for the adoption of the budget. The FY 2027 Mid-Cycle Budget includes the items listed below in the FY 2027 column. In addition, the 1 Sergeant listed for FY 2028 has been moved forward and budgeted in the FY2027 budget. Measures E/Z have been critical to maintaining services and addressing community needs.

Fund/Proposed Programs	FY 2026	FY 2027	2-Year Total	Description
Measures E/Z				
State Library eLibrary Programs	15,000	15,300	30,300	Absorb funding for the California State Library's "eBooks for All" initiative due to the termination of a federal grant by the Institute of Museum and Library Services.
Volunteer Match Services	5,250	5,515	10,765	Potential Friends Foundation Grant Reduction: provides organized access to volunteer opportunities at the City and throughout the community. Examples include: Homeless Court, Day Trip Chaperone, Teens for Glendora, Earth Day assistance, and Library volunteers.
eLibrary & Print Content for the Public	85,000	86,700	171,700	Potential Friends Foundation Grant Reduction: Friends Foundation has indicated a reduced funding level.
Annual Pumpkin Festival take over from Preservation Foundation	6,000	6,000	12,000	The Preservation Foundation will not be running the Pumpkin Festival after 25 years. Over the last 4 years, the City has assisted and continues to incur costs using existing budget.
JPW Contract	50,000	50,000	100,000	Community Engagement Plan, supplemental services to implement results of communications audit.
Affordable Housing Consulting Services	75,000	75,000	150,000	Affordable Housing Fund (228) resources have been depleted for the purchase of the Dale Property. Consulting Services needed for the development of affordable housing.
Community Impact Team: Move to Modern Policing	103,200	180,900	284,100	FY 2026: 1 Crime Analyst, 1 Office Assistant (in budget/cost neutral) FY 2027: 1 Officer FY 2028: 1 Officer (180,900), 1 Sergeant (\$289,100) Full Team = \$828,000
Grand Total	339,450	419,415	758,865	

This section provides an overview of the expenditures for all City funds.

SUMMARY OF EXPENDITURES BY FUND TYPE

This table of Expenditure Summary By Fund Types provides a perspective of all expenditures grouped by the fund types. The fund types are described in the [Budget Guide](#) section of the FY 2025-2027 Adopted Two-Year Budget.

Summary of Expenditures by Fund Type

Fund Type	FY 2025 Actuals	FY 2026 Amended Budget	FY 2027 Budget
General Fund	56,232,181	54,200,822	57,873,895
Special Revenue	11,040,598	17,597,187	33,461,599
Capital Projects	4,583,545	3,446,794	1,560,250
Debt Service Funds	3,484,775	3,492,905	3,496,405
Enterprise Funds	28,838,289	31,479,389	37,655,789
Internal Service	15,650,491	12,717,130	12,257,085
Successor Agency	2,161,493	2,862,565	50,600
Total	121,991,374	125,796,792	146,355,622

Expenditures by Fund Type (Year 2 Mid-Cycle Update)

This overview provides a big picture of City-wide functional expenditures regardless of funding source. It is important to understand there are restricted uses for most funds except for the General Fund. If the City is no longer able to receive special revenue from other government entities, then the General Fund would be responsible for those services.

Public Safety services, which includes Police services and all of its components (Patrol, Community Preservation, Animal Services, etc.) typically make up the highest expenditure category in the City. The majority of Public Works is responsible for maintaining the City's infrastructure such as roadways and the water system, as well as managing capital projects. General Government includes the Administrative Departments such as the City Council, City Clerk, City Manager, Information Technology, and Administrative Services (includes the Finance Department).

Summary of Expenditures by Functional Area

Fund Type	FY 2025 Actuals	FY 2026 Amended Budget	FY 2027 Budget
Capital Projects	6,426,944	11,288,735	27,439,839
General Government	9,886,904	9,486,722	7,387,142
Internal Service	15,650,491	12,717,130	12,257,085
Library	2,285,330	2,777,176	2,947,816
Transfers	12,750,820	8,612,438	8,964,296
Public Safety	26,476,814	27,209,136	29,160,891
Public Services	15,349,043	16,512,245	14,580,430
Recreation & Human Services	4,410,782	5,784,174	6,036,234
Water Utility	28,754,247	31,409,037	37,581,890
Total	121,991,374	125,796,792	146,355,622

Additional detailed reports are available in the Summary of Expenditures by Department section and within the individual departmental sections of the budget, more narratives and explanations are provided.

Summary Expenditures by Functional Area

Budget Summary – General Fund

General Fund Revenues (Resources)

The General Fund revenue budget for and 2026-27 (FY 2027) is projected to be approximately \$45.9 million. The General Fund provides the majority of ongoing governmental services that are not funded through restricted special revenue funds. These services include Police, Community Development, Public Works, Library, Community Services, and general government administrative departments. This fund is supported by general taxes including property and sales tax, and other revenue sources, such as charges for services, licenses, permits, and fines.

General Fund Revenues By Category

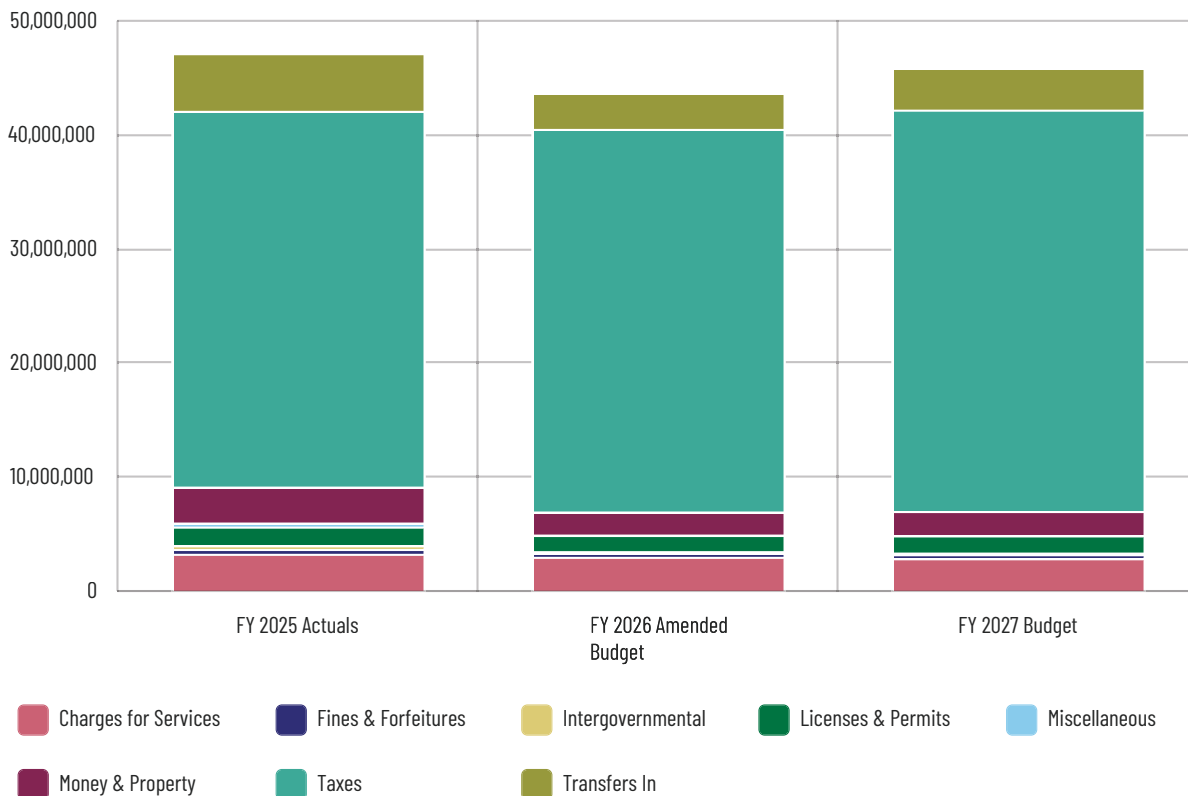

The Revenue Summary by Category table provides a four-year perspective of revenues for the General Fund.

FY 2027 shows projected stabilization and minor growth due to prices of homes sold in the City, a minor increase in sales tax revenues from FY 2026 due to continued consumer spending. Permits are consistent with prior years as development continues to occur within the City with increases included for the ongoing citywide fee study. Transfers In fluctuates based on the amount of Measures E/Z revenue needed to balance the General Fund.

Revenues are budgeted strategically due to unknowns for how the economy will respond as the current inflationary economy is navigated. Any additional significant downturn in revenues would impact the budget plan.

This chart highlights the General Fund revenues budgeted in FY 2027.

General Fund - Revenues by Category

GENERAL FUND TOP FIVE LEADING REVENUES

The following table focuses on the top five revenue categories, which make up 90 percent of all General Fund revenues projected for FY 2027.

General Fund Top Five Leading Revenues

Description	FY 2025 Actuals	FY 2026 Amended Budget	FY 2026 Projected Actual
Property Taxes	17,809,683	18,628,000	18,628,000
Sales and Use Tax	11,252,922	11,300,000	11,300,000
Franchise Taxes	3,216,925	2,992,000	2,992,000
Charges for Services	3,263,801	2,998,730	2,873,730
Transfers In	5,054,704	3,154,630	5,801,250
Total	40,598,035	39,073,360	41,594,980

PROPERTY TAXES

Property Taxes are imposed on real (secured) and personal (unsecured) property. The tax is constitutionally limited to one percent of assessed value by Proposition 13. Assessed valuation adjustments, when made, are limited to the lesser of a two percent annual increase or the growth in the California index of the CPI. Property transfers resulting from sales transactions and new construction trigger new appraisals with the new assessed value being the current market price, resulting in some assessments that exceed the two percent cap. It is important to note that the City’s share of the base property tax amounts to approximately 10 percent of the Proposition 13 1 percent levy limitation. So, for a home with an assessed value of \$500,000, the base one percent property tax is \$5,000 and the City will receive \$500 as its share. Property taxes continue to be the largest category of income to the City, comprising 43 percent General Fund revenues.

The growth in Property Taxes is a reflection of the increases in assessed property tax values resulting in higher property taxes being paid.

Sales Tax is levied at the point-of-sale. The sales tax rate in Glendora is set and imposed at the County level. The levy in Los Angeles County is 9.75 percent (includes November 2024 voter approval of Measure A, 0.50 percent). The voters approved Measure E and Measure Z adding an additional 0.75 percent and 0.25 percent, respectively, levy to the sales tax levy referred to as a transactions and use tax. The total levy of 10.75 percent is divided as follows:

Tax Rate and Recipient	Distribution of Sales Tax on a \$100 Purchase
3.94% State of California	\$3.94 General Fund
1.00% City of Glendora	\$1.00 General Fund 100% Discretionary
0.75% City of Glendora (Measure E)	\$0.75 General Fund 100% Discretionary
0.25% City of Glendora (Measure Z)	\$0.25 General Fund 100% Discretionary
0.50% County Public Safety (Prop 172)	\$0.50 County and City (General Fund-Public Safety)
1.56% County Realignment	\$1.56 Mental Health/Welfare
0.25% Countywide Transportation Fund	\$0.25 County Transportation
2.00% County of Los Angeles	\$2.00 Measure M & R and Proposition A & C
0.50% County of Los Angeles	\$0.50 Homelessness Services

TOP SALES TAX PRODUCERS

The table below shows the top 25 sales tax producers. Ten businesses generate 62 percent of all General Fund sales tax revenues.

Albertsons	Chevrolet of Glendora	Home Depot	Old Navy	Toyota of Glendora
Arco AM PM	Chick Fil A	Home Goods	Petsmart	Ulta Beauty
Barnes & Noble	Colley Ford	In N Out Burger	Raising Cane's	Verizon Wireless
Best Buy	Glendora Chrysler Jeep Dodge	Kohls	Sams Club w/Fuel	Vons
Cardinaleway Hyundai of Glendora	Glendora Route 66 Arco	Marshalls	T Mobile	Walmart

Franchise Fees are collected from local utilities for extraordinary use of the public right-of-way. Southern California Edison, Frontier, Charter, Verizon, and Athens are among the utilities that pay a Franchise Fee to the City. Cable revenue is decreasing as more consumers use online services or satellite company providers. Electric franchise revenues are increasing as utility rates increase even with alternative options such as solar. The amount paid to the City is governed by an agreement with each entity. Some franchise revenues have increased, while others are being monitored such as cable services, which show signs of decreasing as providers navigate customer use of online services or satellite company providers.

Licenses & Permits includes building permits and all other types of permits collected by the City departments (i.e. swap meet vendor permits, etc). A majority of this revenue consists of building permits. In FY 2027 revenues are projected to increase from prior years based on Citywide Fee Study completed in FY2026 and adopted by City Council on November 12, 2025.

Fines & Forfeitures consists of municipal code violations, parking citations, and vehicle code fines. This revenue is somewhat unpredictable. Over the years, the amount of money generated from vehicle code violations has decreased as a result of the change in distribution methodology from the State of California.

Money & Property includes interest income, and rental income, primarily from parks and facilities. Interest income is often a minor component in this revenue category due to the State restrictions on investments and the short-term nature of the investments (within five years). However, increased diversification of the investment portfolio and the increase in interest rates by the Federal Reserve Bank has made a difference in interest income.

Intergovernmental are those revenues collected by other government agencies and then distributed to cities. Through various forms of legislation, these revenues have been eroded significantly throughout the years. The primary types of intergovernmental revenues are reimbursements from POST, Motor Vehicle in Lieu, and SB90 State Mandate reimbursements.

Charges for Service reflect cost recovery for services provided to external customers. These services span a wide range of customer choice: plan checking; duplication of materials; recreational classes and tours; engineering inspections; and Library fees. The largest components of this revenue includes the Environmental Administrative Fee revenues from Athens services, plan checking, inspection fees, and recreation classes. In FY 2027 revenues are projected to increase from prior years based on Citywide Fee Study completed in FY2026 and adopted by City Council on November 12, 2025.

General Fund Expenditures (Appropriations)

The General Fund budget for FY 2027 is \$45.7 million, which maintains the current level of services as described throughout the budget document. Estimated General Fund revenues of \$45.9 million are sufficient to cover the estimated expenditures due to voter approval of Measures E/Z.

GENERAL FUND EXPENDITURES BY DEPARTMENT

All of the department budgets are affected by negotiated increases with labor units, fluctuating CalPERS (PERS) pension costs, and contractual agreements increases based on the Consumer Price Index (CPI) and/or minimum wage increase mandates.

Non-Departmental shows negative budget due to the use of a "vacancy factor" because the City budgets assuming all positions will be filled for the full fiscal year. However, this is unlikely so, staff analyzes prior years budget versus actual expenditures for personnel costs to determine an amount used to offset this assumption.

Some increases did occur related to additional the City experiencing reduced vacancies and decreasing the vacancy factor from \$1.4 million to \$650 thousand. This two-year budget cycle focuses on continued modernization of the organization and services provided to be consistent with the City's strategic planning. Additionally this budget continues the transparency updates included with the FY 2025-26 Mid-Year Budget Review moving expenditures directly funded by Measures E/Z into Measures E/Z and reducing the Transfers In from Measures E/Z to the General Fund.

The table below provides an overview of General Fund Expenses by Department.

General Fund Expenditures by Department

Description	FY 2025 Actuals	FY 2026 Amended Budget	FY 2027 Budget
General Government			
Non-Departmental	3,356,288	2,261,420	2,261,420

General Fund Expenditures by Department

GENERAL FUND EXPENSES BY CATEGORY

General Fund expenses are categorized into salaries & benefits, operations & maintenance, allocated costs, and debt service. Below are more detailed explanations of each of the categories.

Expenditures By Category

Description	FY 2025 Actuals	FY 2026 Amended Budget	FY 2027 Budget
Personnel	24,992,786	23,526,871	26,016,189
Operations & Maintenance	17,057,225	16,612,751	16,829,607
Transfers Out	3,025,807	3,049,420	2,885,055
Total	45,075,817	43,189,042	45,730,851

General Fund Expenditures by Category (Year 2 Mid-Cycle Update)

Personnel: This category of makes up 57 percent of total General Fund expenditures. The salaries and benefits budget includes all known increases to salaries per approved MOUs, a vacancy factor for unfilled position assumptions, increases in normal CalPERS costs, and medical benefits. Approximately \$2.8 million of pension costs were relocated to Transfers as a result of the City issuing POBs in FY 2020 (resulting in approximately \$1 million in annual savings).

Operations & Maintenance: The operations and maintenance expense category includes costs such as office supplies, contract services, maintenance of parks and medians, tree maintenance, utility costs, and allocated costs, etc. The budget for General Fund operations and maintenance expense is \$16.8 million in for FY 2027 which is about a 1.3 percent increase from FY 2026. Allocated costs are the largest component of the Operations & Maintenance category representing charges from the City’s Internal Service Funds for centralized technology and vehicle services as well as general liability and property insurance. Allocated costs for the General Fund totals \$7.8 million. Compared to FY26, this is a 3.4 percent increase. The majority of the increase results from Measures E/Z creating opportunities for the General Fund to make capital purchases.

Transfers Out: For FY 2027, the transfers out are for the debt service on the energy efficiency project financing, a subsidy to the street lighting & landscape district zones (Fund 201 & 203), and debt service for the 2019 pension obligation bonds (POBs) (Fund 401). The 2019 POBs are paid from a separate fund that requires each benefiting fund to transfer out their fair share of the debt service costs.

Budget Summary - Measures E/Z

In 2018, the City Council established a Citizens Ad Hoc Committee and after careful evaluation of the a recommendation was made to the City Council to consider a special election for Measure E, a Transaction and Use Tax. A transaction and use tax is levied during any taxable event where goods are consumed (restaurants & over the counter purchases), delivered (building materials) or registered (autos, RVs, motorcycles) in/to the City of Glendora. Measure E was approved on March 5, 2019 by the Glendora voters for the purpose of maintaining critical services including but not limited to, maintaining police services, repairing streets, and maintaining services to the community. Measure E is an unrestricted revenue similar to other revenues reported in the General Fund. Subsequently on November 5, 2024 the voters approved a supplemental transaction and use tax Measure Z. Measure Z like Measure E is discretionary and may be used for general fund purposes, including addressing public nuisance issues associated with homelessness, public safety, street and road improvements, keeping public areas safe/clean, and/or maintaining parks and City facilities.

The Measures E/Z Fund was created to provide additional transparency around the amount of subsidy required by the General Fund to have a balance budget and meet the General Fund Reserve Policy as well as more easily show the programs and services funded by Measures E/Z.

Measures E/Z Revenues

The City anticipates minor growth in Measures E/Z for FY 2027 based on professional judgement and consulting with industry experts.

Revenues By Object

Description	FY 2025 Actuals	FY 2026 Amended Budget	FY 2027 Budget
Trans & Use Tax Meas E	8,400,399	8,700,000	8,782,000
Trans & Use Tax Meas Z	672,641	2,700,000	2,815,000
Interest Earnings	125,196	107,000	107,000
Unrealized Gains/Losses	238,224	—	—
Total	9,436,460	11,507,000	11,704,000

Measures E/Z Expenditures

Measures E/Z are a critical revenue stream that allows the City to maintain financial stability and sustainability. Measures E/Z is used to provide resources for:

- Public Safety positions responsible for handling dispatched calls for service (including traffic enforcement, traffic collision investigations), reducing injury collisions (through education and enforcement), investigating calls for service at the schools (including thefts, threats/bullying incidents and child abuse investigations), and the Community Impact Team (addresses quality of life issues and emerging crime trends and problem areas in the community).
- Public Services like Community Outreach responsible for coordinating the City's homelessness efforts. Homelessness was identified as the City's top quality of life issue in it's 2022 Community Survey and remains in the top five quality of life issues in the 2025 Community Survey.
- Portions of positions and professional services dedicated evaluating the City's current economic development and affordable housing environment.
- For providing a subsidy to balance the General Fund budget, for future capital projects, increasing the pension stabilization reserve, increasing the Other Post-Employment Benefit (OPEB) Section 115 Trust, and providing assistance to the Internal Service Funds according the General Fund Reserve Policy through Transfers Out.
- The General Fund subsidy is budgeted in the amount of \$3.28 million for FY 2027. The FY 2026 Mid-Year Budget Review enhanced transparency relate to the General Fund subsidy by reporting more programs/services that have been sustained and initiated/enhanced from the voter approval of Measures E/Z directly in the Measures E/Z Fund. The Measures E/Z Fund 103 provides for Police Services and the transition towards a real-time crime center, Economic Development's Village improvements, Affordable Housing Programs, Streets Division costs, Parks/Trees/Landscaping services, Library services for both youth and adults, and the City's Homelessness Assistance Programs. The ongoing subsidy to the General Fund pays for personnel

and programs prior to Measures E/Z. The City continually navigates changing economic conditions and identifying the most prudent way to continue to provides services and programs to the Glendora community.

- Future capital projects transfer is budgeted in the amount of \$252 thousand for FY 2027.

- Pension stabilization transfer is budgeted in the amount of \$150 thousand for FY 2027.
- The Internal Service Funds and the OPEB transfers are both budgeted in the amounts of \$50 thousand for FY 2027.

This following chart shows Measures E/Z Expenditures by Department and Category. Transfers are the largest category with the primary purpose of providing a subsidy to balance the General Fund.

General Fund and Measures E/Z Multi-Year Financial Forecasts

MULTI-YEAR FINANCIAL FORECAST NOTES

The Multi-Year Financial Forecast (Forecast) provides a long-range financial outlook that assists in planning and decision-making in connection with the financial operations of the General Fund. The forecast is updated a minimum of two times each year, during the budget development and at Mid-Year.

The Forecast has been updated to provide actual activity for FY 2024-25, the amended FY 2025-26 budget, the adopted budget for FY 2026-27, the proposed budget for FY 2026-27, and estimates for FY 2028 through FY 2031. The Forecast includes several footnotes providing additional explanations for specific line items. Below are additional observations about the forecast.

General Fund

Revenues – Overall revenues are conservatively forecasted with average increases of 5.8 percent. It is expected some revenues will increase and others will decrease. Property taxes and sales taxes are showing growth based on consultant analysis of the current and anticipated economic conditions. Licenses & Permits, Planning/Building/Engineering, and Admin/Recreation/Library while other revenues show minor growth due to the completion of a citywide fee study adopted by City Council on November 12, 2025. A long term economic slow-down or another adverse economic event would significantly change the forecast, which is why it is updated throughout the year.

Expenditures –Overall expenditures are forecasted with average increases of 5.9 percent. The biggest drivers of the increasing costs related to completed labor unit negotiations and a reduction in the vacancy factor from \$1.4 million to \$650 thousand due to improving the City's retention and recruitment efforts and allocated costs (rising insurance costs and investing in City vehicles and technology).

Measures E/Z

Revenues – Overall revenues are conservatively forecasted with average increases of 1.7 percent. Measures E and Z show minor increases as the City completes one full-year of Measure Z. A long term economic slow-down or another adverse economic event would significantly change the forecast, which is why it is updated throughout the year.

Expenditures –Overall expenditures are forecasted with average increases of 111 percent. The biggest drivers of the increasing costs are negotiated labor unit increases addressing the City's efforts improving retention and recruitment efforts, the addition of 1 Police Officer and 1 Sergeant for the Community Impact Team as approved with the FY 2025-2027 Adopted Two-Year Budget and transfers out for the pension obligation bonds. Additionally, during FY 2026 programs/ services previously reported in the General Fund that have been sustained and initiated/enhanced from the voter approval of Measures E/Z are now directly reported in the Measures E/Z Fund. The Measures E/Z Fund 103 provides for Police Services and the transition towards a real-time crime center, Economic Development's Village improvements, Affordable Housing Programs, Streets Division costs, Parks/Trees/Landscaping services, Library services for both youth and adults, and the City's Homelessness Assistance Programs. The ongoing subsidy to the General Fund pays for personnel and programs prior to Measures E/Z. The City continually navigates changing economic conditions and identifying the most prudent way to continue to provides services and programs to the Glendora community.

Other major items impacting the General Fund and Measures E/Z budget and forecasts are described below:

- Measures E/Z are critical revenue streams that allows the City to operate at its current service levels and continue to exhibit relative financial stability.
- The Successor Agency revenue covering administrative costs associated with the wind down of the redevelopment agency has been reduced to \$50,000 based on information received from the State and assumes only \$50,000 for FY 2027-28 to FY 2030-31.
- The transfers out line item reflects the 2019 POB debt service payment. The Measures E/Z forecast includes budget appropriations for the General Fund Reserve Policy transfers to the Capital Projects Fund, Pension Stabilization Fund, OPEB Section 115 Trust and Internal Service Funds.
- Retirement costs do increase from FY 2027 to FY 2031. Although the 2019 POB provides significant savings, CalPERS investment losses generate new unfunded accrued liabilities (UAL). The forecast assumes the new discount rate of 6.8% which will increase the City's normal cost. Also note that it takes two years for investment gains or losses to affect our rates.

Furthermore, the General Fund and Measures E/Z could be additionally impacted by losses in revenues or demands for services in other operating funds. Because the budget is a dynamic document, the Forecast should also be seen as a dynamic tool. In addition to the concerns discussed above the current inflationary economic environment and any other problems with the global or local economy or unknown mandates from the State or Federal governments could dramatically change the projections provided.

NOTES:

- 2 Numbers from consultant indicate steady increases in property tax.
- 3 Steady nominal increases anticipated by City Sales Tax consultant.
- 4 Franchise Fees are projected to remain relatively consistent with programmed increases for Refuse, Business License & TOT are projected to remain consistent.
- 5,6 The revenues are projected to be relatively consistent with some programmatic increases anticipated for Licenses & Permits related to the Citywide Fee Study and enhanced parking enforcement tools.
- 7 Rental activity has stabilized and the City's investments are trending in a positive direction. FY26 and beyond, interest earnings are relatively stable as the current/future interest rate environment is uncertain.
- 8 Development has continued and steady increases are projected with the citywide fee study. The current economic and insurance environments create uncertainty around future development.
- 9 FY26 & Beyond expected to be consistent. Primary components of this line are Recreation contract classes and programs.
- 10 FY25 DOF approved \$200K, FY26 \$100K for ROPS, and FY27 \$50K for ROPS administrative amount. Assumes \$50K FY28 and beyond. FY25 Includes one-time adjustment for Gold Line police services overtime reimbursement.
- 11 Based on actual results at the end of the fiscal year to represent the "subsidy" amount from Measures E/Z to balance the General Fund and meet the contingency reserve requirements. If there are savings in the General Fund this will result in a "subsidy" less than the amount projected to cover budgeted expenditures). Expenditures have been updated to reflect services paid for by Measures E/Z directly in Measures E/Z and to reduce the transfer to the General Fund.
- 12,13,14 Salaries/Benefits/Retirement for FY26 include ongoing costs of the recent realignments and the General Fund/Measures E/Z transparency enhancement to better report on Measures E/Z funded programs. Additionally the General Fund vacancy factor has been reduced from \$1.4 million to \$650 thousand as the City has been able to retain and attract employees resulting in fewer vacant positions. The vacancy factor has also been allocated between the General Fund and Measures E/Z to more accurately reflect the experience of both funds.
- 15 Includes updates to report more services directly in Measures E/Z. Future years assumptions include additional use of contracted services to maintain service levels.
- 16,17 These costs are related to internal services funds. Fluctuation due to capital outlay needs in Information Technology and City Fleet. Assumes City achieves insurance savings with change in SIR approach.
- 18 The City holds elections in November of even calendar years.
- 19,20 Includes debt service payment for the 2019 POBs, lease pmts on the energy efficiency projects & Landscape Maintenance Fund subsidy.
- 21 Amount required from the operating results to maintain 30%-45% contingency reserve. For FY25 this amount also reflects adding to the fund balance reserve for the GUSD Pool Contribution Reserve (\$450K), for unspent encumbrances carried into and spent in FY26 (\$610K), and the OPEB Reserve (\$252K).
- 22 The City's General Fund Reserve Policy is a minimum of 30% to maximum of 45% of prior year operational expenditures. The Contingency Reserve Contribution is added to the beginning available balance to reach the ending available balance.

NOTES:

- 2,3 Steady nominal increases anticipated by City Sales Tax consultant.
 - 4 FY26 and beyond, interest earnings are relatively stable as the current/future interest rate environment is uncertain.
 - Salaries/Benefits/Retirement for FY26 include ongoing costs of the recent realignments and the General Fund/Measure E/Z transparency enhancement to better report on Measures E/Z funded programs. FY28 includes the addition of 1 Police Officer to the Community Impact Team as considered by Council with the FY2025-27 Two-Year Budget Adoption. In addition, starting with FY27 Measures E/Z includes a vacancy factor adjustment, an estimated reduction in the personnel budget for unfilled positions, in the amount of \$300 thousand.
 - 5,6,7 Includes \$413K for Homelessness Programs for FY 2026 and beyond. City staff is actively looking for grants to recover these anticipated costs. Also Includes Measures E/Z funding priorities set by Council at June 3, 2025 Budget Workshop for additional consulting services for affordable housing.
 - 8 Transfer maintaining General Fund services and meeting contingency reserve policy limits. Includes updates to report more services directly in Measures E/Z.
 - 9 Transfer for cost offset of GUSD JUA for police department provided services.
 - 10 Transfer for fairshare of pension obligation bond debt service cost.
 - 11,12 The City has taken a more active approach to budgeting for the reserve policy that provides funding for capital projects, pension stabilization, subsidies for internal service funds, and OPEB 115 Trust. These transfers may be updated based on actual results at the end of the fiscal year.
 - 13,14,15 50% to the Capital Projects Fund, 30% to the PERS Rate Stabilization Fund, 10% to OPEB Section 115 Trust (held in General Fund) and 10% to Internal Service Funds.
- Forecast is based on budgeted amounts and may fluctuate with actual results as of June 30.
 Assumes amounts available for capital projects, pension reserve and internal service funds are moved to those funds in accordance with the Reserve Policy

Budget Summary – Other Funds

Special Revenue Funds

SPECIAL REVENUE FUNDS

Special Revenue Funds consist of those "restricted receipts" which may not be used for general municipal purposes. They are restricted for specific purposes by Local Ordinance, State or Federal Statute.

Within the Special Revenue Fund category are reimbursement-based grants, local return of State of California and Los Angeles County tax levies (e.g., Proposition A and C, Gas Taxes, Measure R & M, SB1) and special fee sources established by the City (e.g., Park and Recreation Facilities, Affordable Housing). The revenue accumulation patterns for special revenue funds can vary significantly from year to year based on the availability of funding and/or expenditure timing for grant awards and reimbursement.

The Special Revenue Funds also include several operating funds. These funds are relied upon annually to cover staff time providing services related to street maintenance (Gas Tax and Measure R), transit operations (Prop A and Prop C), and police overtime (Asset Forfeiture).

For FY 2027, Special Revenue Funds are expected to generate \$34.8 million. The increase from FY 2026 to FY 2027 is primarily due to grant funding for the Finkbiner Park Stormwater Capture Project of approximately \$18 million.

The Special Revenue funds fluctuate from year to year based on which grants or special funding is available to the City. When preparing the budget for Special Revenue Funds, staff relies primarily on other government agencies to provide estimates. When a grant is awarded, it is presented to Council and budget adjustments are made after the Council action, since grants are not always guaranteed.

The City of Glendora has assessment district funds which levy and collect special assessments for the City's street, street lighting and landscape maintenance. Each district is assessed differently depending on the level of service it receives. Council action is required each year in order to place the assessment on the property tax rolls.

The City Council established the Glendora Housing Authority and designated the City authority to retain the housing functions previously performed by the Glendora Redevelopment Agency. These functions consist of monitoring affordable housing agreements for the Heritage Oaks and Elwood Apartments and managing the portfolio of housing rehabilitation and first-time homebuyer loans given by the former Glendora Redevelopment Agency. Housing Authority income is derived primarily through rental income resulting from an agreement with the Heritage Oaks residence. The Housing Authority may receive program income from loan repayments from time to time. The Authority also receives a interest income each year.

Revenues

Expenditures

Capital Projects Funds

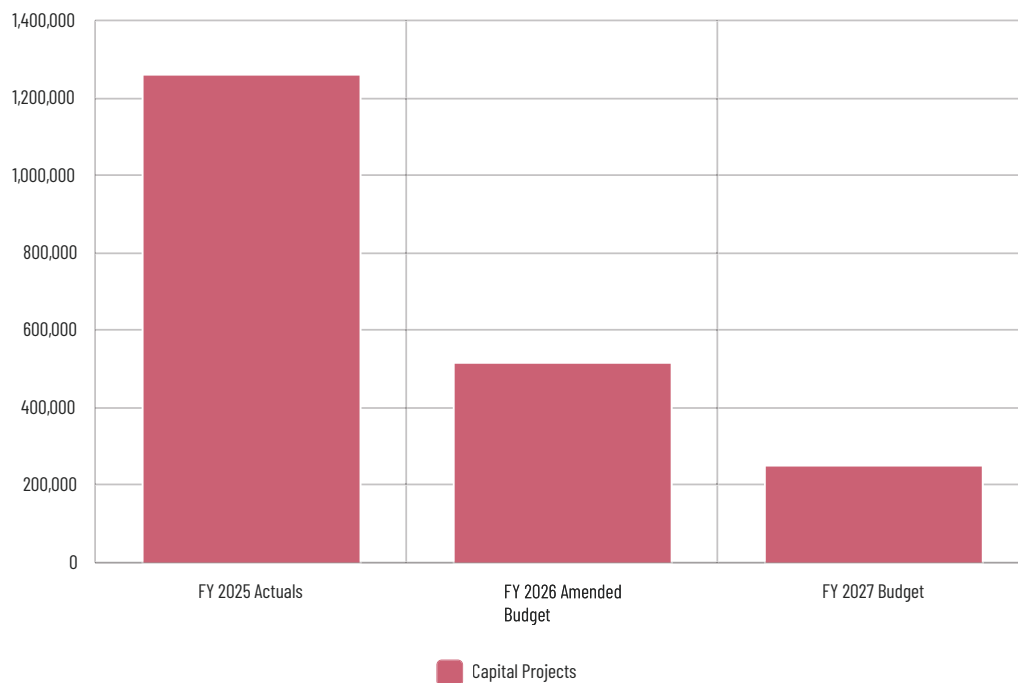

CAPITAL PROJECTS FUNDS

The Capital Projects Fund is funded through transfers from the General Fund. At year end, excess General Fund funds are transferred to the Capital Projects Fund per the terms of the Council adopted Reserve Policy. The Capital Projects Fund is relied upon for a variety of City projects such as the Gold Line, parks, library, facility improvements, and other street and infrastructure improvement projects. The Capital Projects Fund does not have a source of a revenue other than the General Fund Reserve Policy.

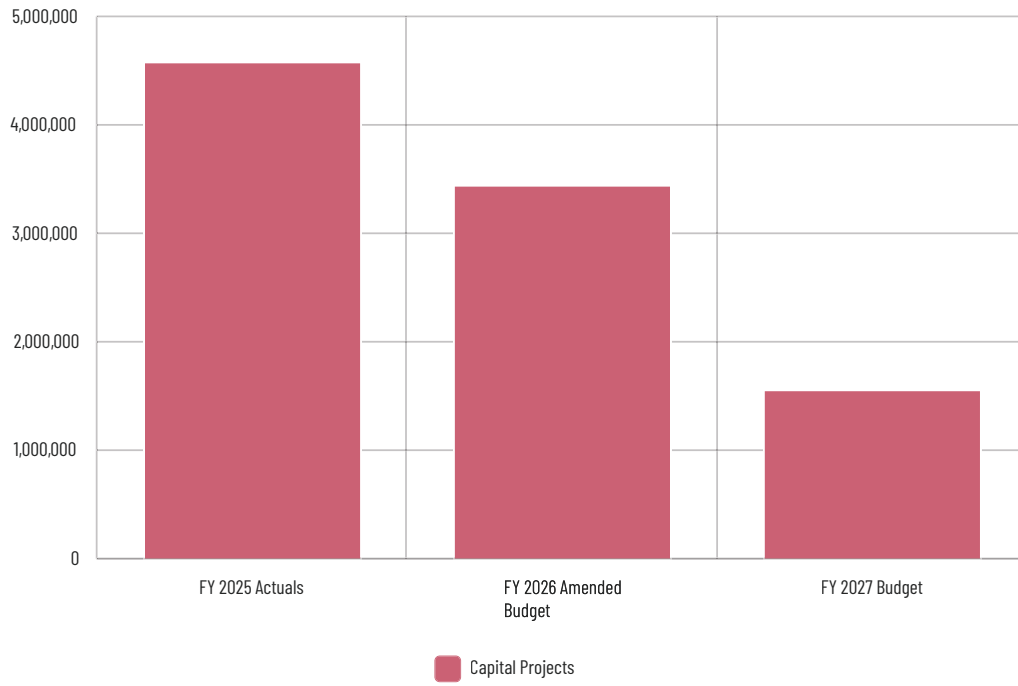

Details on the Capital Projects are provided in the Capital Improvement Program section of the budget. The Capital Projects Fund in FY2027 includes projects to improve facilities, information technology, parks, and streets. Additional funding sources are used to fund streets, stormwater and water projects. The chart below highlights the level of funding provided by the Capital Projects Fund.

The City of Glendora has made a historic investment in capital improvements as a result of strong Measure E revenue levels as well as strong levels of revenue for property taxes and sales taxes. The voters approved an additional transactions and use tax in November 2024, Measure Z. Measures E/Z and the General Fund are the only revenue source for the Capital Projects Fund.

Revenues

Expenditures

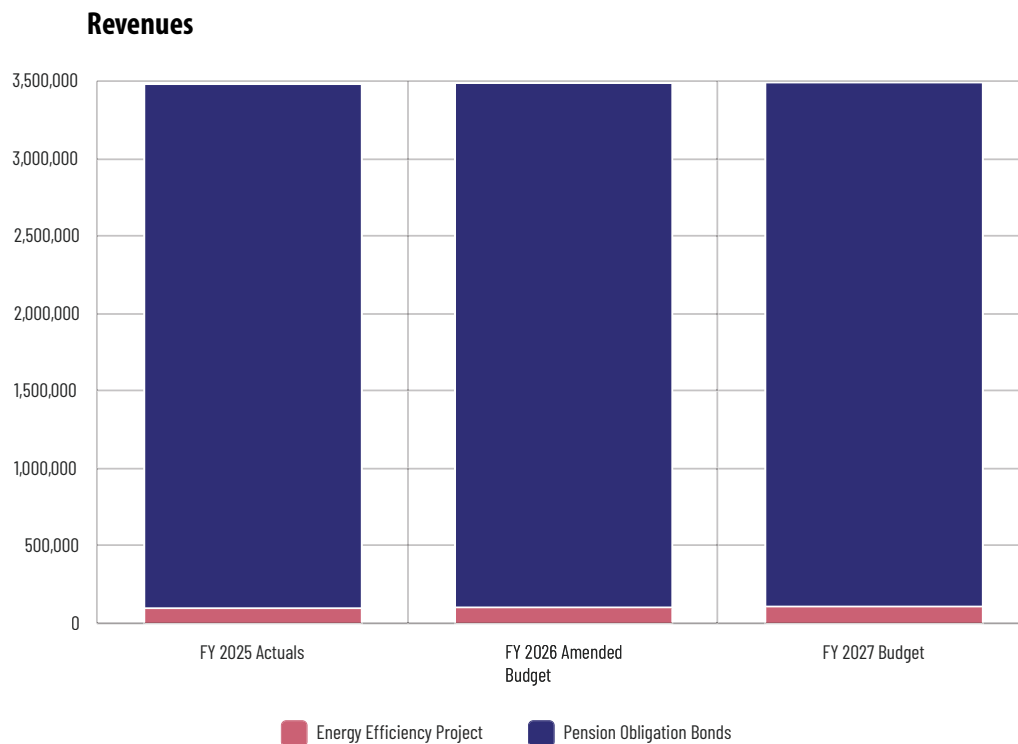

Debt Service Funds

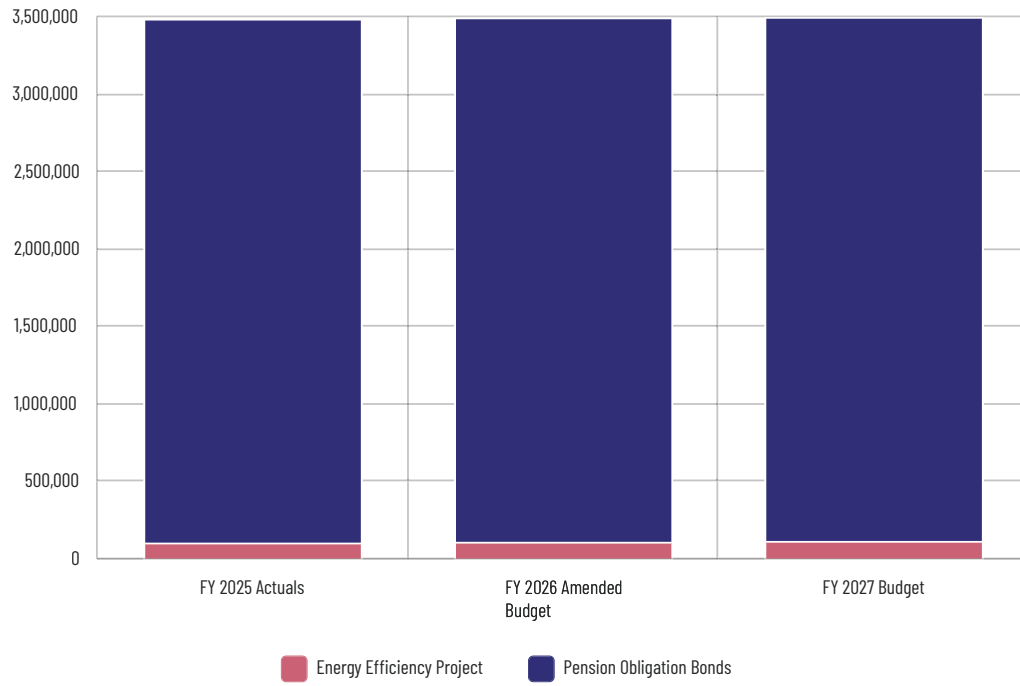

DEBT SERVICE FUNDS

The Debt Service Funds are funded through transfers from the various funds (including the General Fund, Special Revenue Funds and Enterprise Funds). The City currently has two debt obligations paid by debt service funds. The 2019 Taxable Pension Obligation Bonds (2019 POBs) and the 2013 Pinnacle Public Finance - Capital Lease (Energy Efficiency Project). In September 2019, the City issued the 2019 POBs in amount of \$64,420,000 to replace the existing payments made to CalPERS for the Unfunded Accrued Liability (UAL) and in June 2013, the City entered into a lease agreement for the Energy Efficiency Performance Project which included various energy saving devices and equipment at City Hall, other City buildings, and landscape medians. The Debt Service Funds do not have a source of a revenue other than transfers from other funds.

More information on the debt obligations discussed above and paid by the Debt Service Funds is provided in the Debt Limit and Obligations section of the FY2025-2027 Adopted Two-Year Budget. The 2019 POB represents approximately 97% of the Debt Service Fund expenditures. The chart below highlights the level of appropriations needed to pay these by the Debt Service Funds.

Expenditures

Enterprise Funds

ENTERPRISE FUNDS

Enterprise funds account for the City’s business activities providing service to external customers. Enterprise Funds are considered self-supporting and cost recovery is maintained through user fees and charges for service.

The Water Utility is the only enterprise operation and it comprises 21.2 percent of City-wide revenues annually.

Water Operating Fund

Water operating revenues are projected to be \$30.6 million, and water operating expenditures are projected to be \$30.5 million for FY 2027. Both revenues and expenditures include assumptions regarding rate increases related to the City’s water rate study and infrastructure assessment adopted in November 2023. In addition to the operating expenditures in FY 2027, there is a transfer of \$4.1 million to the Water Capital fund for water infrastructure projects. More information on the Water Capital Projects is included in the Capital Improvement Program section of the budget document.

NOTES:

- Rate Study Adopted December 2023 according to Infrastructure Assessment
- Sales to other companies, depends on the water demand from other water company
- Primarily interest earnings, forecasted conservatively due to uncertain interest rate environment
- Actuals show maintenance and operations savings. FY26 and beyond assume consistent budget, any actual savings may become available for the Capital Projects Fund
- Water Customer Service shows re-alignment of personnel costs after FY25.
- Includes Vehicle Fund allocation of direct charge for vehicle purchases and indirect charges for maintenance and repairs
- Cost of water personnel, water assessments, cost of water conservation grant programs and costs related to the divisions supporting the water fund (i.e Finance, Human Resources, etc.)
- Debt Service includes the 2012 CSCDA Water Revenue Bonds, 2016 Water Revenue Bonds, 2019 Pension Obligation Bonds, and assumptions for new infrastructure bond issuance
- Amount based on Water Fund Reserves Policy where the Water Operations Working Capital and Catastrophic Reserve (adopted by Resolution No. 2010-49) shall be in an amount equal to the cost to fund operations for a six-month period in the event of a catastrophic event and remaining amounts are transferred from the Water Operations to the Water Capital Projects Fund.
- Transfers for Citywide Energy Efficiency Project debt service & to LMD's to supplement zones
- Water Fund Reserves Policy (adopted by Resolution No. 2010-49) equal to the cost to fund operations for a six-month period
- Primarily interest earnings, forecasted conservatively due to uncertain interest rate environment
- Revenue Bond Issuance \$15 million to fund CIP. The City is monitoring the economy and issuance conditions. Any financing will occur as needed to keep debt service costs at a minimum

Internal Service Funds

INTERNAL SERVICE FUNDS

The Internal Service Funds serve only the City of Glendora departments. These funds consist of the Workers' Compensation Fund, Liability Insurance Fund, Technology Fund and Vehicle (Fleet/Equipment Management) Fund. Each year the methods for charging the departments are evaluated and modified as necessary. Departments receiving more benefits or services from each of these funds are charged a proportionate share of the total costs. For example, allocations for vehicle maintenance and purchases will vary between departments based on the cost of maintenance, fuel used and the vehicle purchases.

Workers' Compensation Fund accounts for the City's worker's compensation program and claims management.

Liability Insurance Fund accounts for the City's insurance programs and claims management. Costs have increased due to insurance market changes due to fires, COVID-19 and other events in recent years.

Additional information regarding the Workers' Compensation and General Liability program is available in the Administrative Services / Risk Management section of the FY2025-2027 Adopted Two-Year Budget.

Technology Fund is used to account for all technology functions and costs Citywide. The fund accounts for costs associated with the operation, maintenance and upgrades to the City's network and website, computer workstations and other equipment such as printers and servers, and software costs associated with the various systems used by City departments. The budget has increased to address improvements in the functionality and efficiency of these services made possible by Measure E.

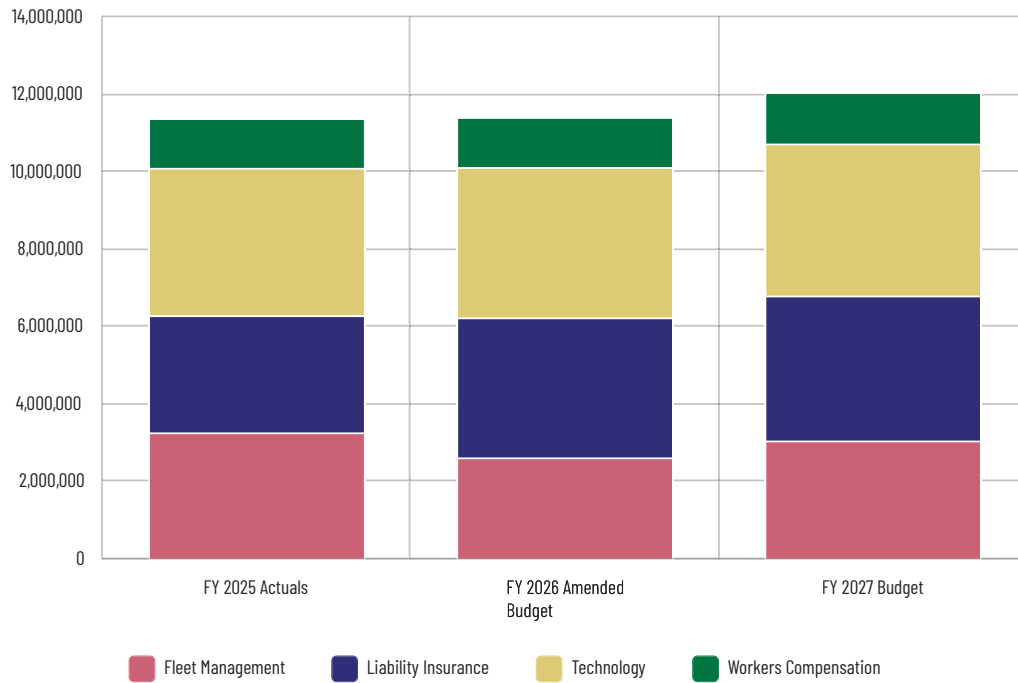

Additional information regarding the Technology Fund is available in the Information Technology section of the FY2025-2027 Adopted Two-Year Budget.

Vehicle Replacement Fund is used to account for the maintenance and replacement of the City's vehicle fleet and equipment. FY 2026 and FY 2027 have included capital/vehicle purchases in the allocation, made possible by voter approved Measure E, allowing the fund to keep needed reserves and to show the true cost of operations within each department.

Additional information regarding the Vehicle Replacement Fund is available in the Public Works /Fleet Maintenance section of the FY2025-2027 Adopted Two-Year Budget.

These tables reflect the combined total revenue and expenditures of all four funds.

Revenues

Expenditures

Glendora Successor Agency

GLENDORA SUCCESSOR AGENCY

Pursuant to ABX1 26, Chapter 5, Statutes of 2011, (Dissolution Act), Redevelopment agencies (RDAs) throughout California were dissolved February 1, 2012, and replaced with Successor Agencies. On March 27, 2012, City Council adopted a Resolution as Successor Agency to the Glendora Community Redevelopment Agency and appointed two members to the Oversight Board representing the Successor Agency's interest. The Oversight Board approves the budget for the activities of the Successor Agency and the wind down of the dissolved redevelopment agency's affairs. It has fiduciary responsibility to holders of Enforceable Obligations and taxing entities that benefitted from the distributions of tax increment and other revenues of the Successor Agency. In April 2013, the Successor Agency received its Finding of Completion letter from the State Department of Finance indicating one of the legal requirements associated with the unwinding of the Community Redevelopment Agency was met, which ultimately meant that the remaining bond proceeds could be spent.

Expenditures listed on the Recognized Obligation Payment Schedule (ROPS) are due annually to the Department of Finance (DOF). The ROPS includes scheduled payments that were previously approved by the Department of Finance on the Enforceable Obligation Payment Schedule (EOPS). The ROPS represents payments which will be paid during the next year.

The FY 2027 revenue estimate for the Successor Agency is based on an annualized estimate of the recognized obligations payments approved by the Oversight Board and State Department of Finance. These annual recognized obligations include debt service, bond expenses and other miscellaneous expenses. The General Fund receives \$100,000 of the allotment for administration costs associated with the wind down. The General Fund Financial Forecast assumes the \$100,000 allotment may be reduced in future years to \$50,000 as the Department of Finance has informed the City to expect a reduction in funding. This is the result of achieving the wind down goals that result in debt management being the primary remaining obligation of the Successor Agency.

Summary of Revenues By Fund

Summary of Revenues by Fund

Fund	Description	FY 2025 Actuals	FY 2026 Amended Budget	FY 2027 Budget
General Fund

Glendora

Capital Program

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

The Capital Improvement Program (CIP) is a critical component of achieving this strategic goal. It is a roadmap that provides direction and guidance for planning, managing, and financing the City's capital and infrastructure assets. The CIP is dynamic and is updated periodically to address the changing needs, priorities, and financial conditions of the City. The program is dynamic and is adjusted as needed to meet critical needs, unforeseen events, concerns that involve public safety and health, or changes in funding.

The projects contained in the CIP are recommended to maintain the existing infrastructure of the City and to properly provide for the health, safety and general well-being of Glendora's residents. The CIP and future amendments are designed to make the most effective use of all financial resources available to the City including applicable fund reserves, ongoing estimated revenues, grants, and borrowing.

The CIP budget is for expenditures of more than \$5,000 on construction of capital projects, such as street rehabilitation, park facilities, water/sewer systems improvements, facilities upgrades and traffic signal/signage enhancements. CIP projects may include land and right-of-way acquisition; design, planning, and engineering services for capital projects; construction or rehabilitation of public buildings or facilities; utility and transportation infrastructure construction; and park construction. Most of the CIP projects are funded with non-discretionary funds (such as Road Maintenance and Rehabilitation Act, Transportation, and Water funds); these funds are restricted in the manner in which they can be used.

The projects for FY 2026 and FY 2027 were identified based on input from a variety of sources including community survey, leak history of water mains, Water Master Plan, the pavement condition index (PCI) rating for streets, Parks Master Plan, various assessment tools and available funding sources. Maintenance projects are budgeted and included in the CIP Program each fiscal year. Projects are designed to consider the cost benefit of keeping operating costs to a minimum. Increases in operating costs are balanced with the overall need to provide the improvement. Several studies and assessments have been included to assist in planning for future projects.

The following information is included in this section of the budget:

- Amended 5-Year Capital Improvement Program Schedule for FY 2026 through FY 2030 broken down by Fund and Project Type. Only the FY 2026 and FY 2027 projects are budgeted and funded.
- Updated summaries broken down by Project Type and Fund for FY 2026 through FY 2030.

The major changes include the City receiving HSIP Cycle 12 grant funding providing for traffic signal updates at 10 intersections identified in the Local Road Safety Plan (the Measure R annual traffic signal program will be used as the required grant match funding) and moving the Live Oak Street and Water project forward into FY 2027 from FY 2028 and FY 2029.
