October is National Pedestrian Safety Month

Drivers are urged to slow down and be alert for people walking

Glendora, Calif. – October is National Pedestrian Safety Month and the Glendora Police Department would like to remind drivers to take extra precautions to help protect people walking.

“In Glendora, we’re committed to reinforcing everyday safety actions like slowing down, following the posted speed limit, staying alert and yielding to people in crosswalks,” Glendora Police Department Captain Matt Fenner said. “Drivers have an outsized role to keep all people walking safe. Remember that pedestrians do not have the same protections as drivers and passengers traveling inside vehicles.”

On average, 19 pedestrians are killed in traffic crashes every day in the United States, according to the National Highway Traffic Safety Administration. In 2024, an estimated 7,080 people walking were struck and killed by vehicles. Of those people, [1,090 were killed in California alone.](#)

To promote the safety of people walking, Glendora Police Department will conduct a traffic safety operation on October 22 from 7 a.m. to 3 p.m. focused on the most dangerous driver behaviors that put the safety of pedestrians at risk. These violations include speeding, making illegal turns, failing to yield and running stop signs or signals.

The Glendora Police Department offers these driving tips to keep everyone safe:

- Follow the speed limit, especially in areas with heavy foot traffic, around schools and in neighborhoods where children are present.
- Slow down at intersections. Be prepared to stop for people crossing or walking at marked and unmarked crosswalks.
- Use extra caution when driving at night or when driving conditions are less than optimal such as rain or fog.
- Avoid distractions such as using a mobile device, deep conversations with passengers or eating while driving. Keep your focus on the road.
- Drive sober.
