

**ENVIRONMENTAL INFORMATION FORM**

The information provided on this form helps City Staff to complete an environmental review. Please provide a detailed explanation together with any mitigation measures proposed for any "yes" responses to the checklist. If it is determined that the project might have a significant impact on the environment, the applicant shall pay for the preparation of an Environmental Impact Report (EIR) in accordance with State and City guidelines.

The California Environmental Quality Act (CEQA) requires that the city determine whether or not a project may result in potential environmental impacts (attach additional sheets as necessary).

ENVIRONMENTAL INFORMATION FORM

1. Describe the project site, as it exists before the project, including information on topography, soil, stability, plants and animals, and any cultural, historical or scenic aspects. Describe any existing structures on the site, and the use of the structures:

2. Describe the surrounding properties, including information on plants and animals and any cultural, historical, or scenic aspects. Indicate the type of land use (residential, commercial, etc.), intensity of land use (one-family, apartment houses, shops, department stores, etc.), and scale of development (height, frontage, setback, rear yard, etc.):

3. List and describe any other related permits and public approvals required for this project, including those required by the city, regional, state, and federal agencies (attach additional sheets as necessary):

**ENVIRONMENTAL INFORMATION FORM****PROJECT INFORMATION & DESCRIPTION:**

1. Gross Site Area (sq. ft.): _____
2. Net site area (total site size minus area of public street & proposed dedications): _____
3. Amount of off-street parking provided: _____
4. If residential, include the number of units, schedule of unit sizes, and number of bedrooms

Min. Number of bedrooms (per unit): _____
Number of units: _____
Min. Lot size: _____

Max. Number of bedrooms (per unit) _____
Schedule of unit sizes: _____
Max. Lot size: _____
5. Indicate hours of operation: _____
6. Number of employees: _____
Total: _____
Maximum per Shift: _____
Time of Max Shift: _____
7. If commercial or industrial indicate type of use(s) and major function(s):
8. Total floor area of commercial or industrial use: _____
9. For commercial and industrial uses, indicate the source, type and amount of air pollution emissions (data should be verified through the South Coast Air Quality Management District at (909) 396-2000):
10. If institutional, indicate the major function, estimated employment per shift, estimated occupancy, loading facilities, and community benefits to be derived from the project:
11. Total floor area of institutional use: _____
12. Have the water, sewer, fire and flood control agencies serving the project been contacted to determine their ability to provide adequate service to the proposed project? If so please indicate their response.

**ENVIRONMENTAL INFORMATION FORM****PROJECT INFORMATION & DESCRIPTION (CONTINUED):**

13. In the known history of this property, has there been any use, storage, or discharge of hazardous and/or toxic materials? Examples of hazardous and/or toxic materials include, but are not limited to, PCB's; radioactive substances; pesticides and herbicides; fuels, oils, solvents, and other flammable liquids and gases. Also note underground storage of any of the above. Please list the materials and describe their use, storage, and/or discharge on the property, as well as the dates of use, if known.

14. If the project involves a variance, conditional use permit or rezoning application, state this and indicate why the entitlement is required:

APPLICABLE ITEMS:

Are the following items applicable to the project or its effects? If yes, attach additional sheets for explanation.	YES	NO
1. Change in existing features of any hills, or substantial alteration of ground contours (If yes, provide preliminary grading plan, prepared by a registered civil engineer; include estimated quantities of excavation and fill involved)	☐	☐
2. Change in scenic views or vistas from existing residential areas or public lands or roads	☐	☐
3. Change in pattern, scale, or character of general area of project	☐	☐
4. Significant amounts of solid waste	☐	☐
5. Change in dust, ash, smoke, fumes, or odors in vicinity construction only normal operations	☐	☐
6. Change in ground water quality or quantity, or alteration of existing drainage patterns	☐	☐
7. Substantial changes in existing noise or vibration levels in vicinity construction only normal operations	☐	☐

**ENVIRONMENTAL INFORMATION FORM**

8. Site on filled land or on slope of 35 percent or more (If yes, provide soils report, geotechnical report)	☐	☐
9. Use or disposal of potential hazardous materials such as toxic substances, flammable or explosives (If yes, provide Phase I Environmental Study)	☐	☐
10. Substantial change in demand for municipal services (police, fire, water, sewage, etc.)	☐	☐
11. Substantially increase fossil fuel consumption (electricity, oil, natural, gas, etc.)	☐	☐
12. Relationship to a larger project or series of projects	☐	☐
13. Result in the need to construct additional public facilities or increase public services	☐	☐
14. Result in increase of traffic (vehicle miles traveled) as a result of this project	☐	☐
15. Change or alter historic Structures, or properties designated resource undesignated property over 45 years	☐	☐

**ENVIRONMENTAL INFORMATION FORM****REQUIRED SUBMITTAL MATERIALS:**

The following materials are required when submitting an Environmental Information Form; materials must be consistent with the application. All materials should reflect the entire Project, not just the area in need of a zone change, variance, or entitlement. The submittal materials in addition to those required for any case/application for which the Environmental Information form is being filed.

- ☐ Submit a full-scale plan of site, floor plan and elevations, including the project site and indicate the site boundaries.
- ☐ Submit a set of color photographs which show representative views into the site from north, south, east, and west; and representative views of significant features from the site.
- ☐ Submit the application for the associated entitlement.

I hereby certify that the statements stated above, and in the attached exhibits, present the data and information required to for adequate evaluation of this project to the best of my ability; and that the facts, statements, and information presented are true and before and adequate evaluation can be made by the City of Glendora.

I have been informed by the City of Glendora of my responsibilities pursuant to California Government Code Section 65962.5 (<http://leginfo.legislature.ca.gov/>) to notify the City as to whether the site for which a development application has been submitted is located within an area which has been designated as the location of a hazardous waste site by the Department of Toxic Substance Control (DTSC). The list of hazardous waste sites is available online: <https://dtsc.ca.gov/dtscs-cortese-list/>

I am informed and I believe that the proposed site for which a development application has been submitted is not within an area specified in said Section 65962.5 as a hazardous waste site.

I declare under penalty of perjury of the laws of the State of California that the foregoing is true and correct
